Experience from a Past Participant

Program Overview

Expectations

Questions

IHI Mission

To improve health
and health care
worldwide

IHI Vision

Everyone has
the best care and
health possible

Since 1991

In large systems and small villages, we have taken improvement methods originally used in the manufacturing industry and applied them to improving all aspects of health and health care.

We build improvement capability by providing people with methods and tools to make care better.

Let's Hear from You

What drew you to this call?

What would make a course like this most valuable to you?

Past Participant Experience

Michael Calderwood, MD MPH FIDSA

Chief Quality Officer, Dartmouth Hitchcock
Medical Center

Associate Professor of Medicine, Geisel
School of Medicine at Dartmouth

Staff Physician, Infectious Disease &
International Health

Michael.S.Calderwood@hitchcock.org

Program Overview

Program Objectives

After this program, participants will be able to:

- Establish an effective quality management system built on quality planning, quality control, and quality improvement
- Identify real-world examples of best practices, approaches, and methods to apply in clinical, nursing, administrative, and various other settings
- Apply best practices from case studies and advice from today's CQOs about how they are leading this work across diverse organizations
- Develop a grounding in improvement science and the latest approaches to leading quality across an organization.

Curriculum Overview

Blended program with 11 live-virtual sessions and 2 in-person meetings

In addition to live virtual sessions, participants complete self-paced activities in between the virtual sessions
